

BILL PAWLUK HONOURED WITH LEADERS AWARD AT THE 2018 AUTOMOTIVE GLOBAL AWARDS

1 NOVEMBER 2018 | LONDON, ENGLAND

Bill Pawluk, Chief Executive Officer, Convertible Concepts Corporation was the proud recipient of a Leaders Award at the seventh Automotive Global Awards.

Executives from across the automotive industry gathered at The Savoy in Central London where awards finalists mingled with colleagues old and new to discuss the challenges and achievements with a renewed passion for excellence.

The Automotive Global Awards are centered on a desire to acknowledge, celebrate and commend innovation and service excellence across the automotive industry. By taking the time to recognize achievements and encourage the development of future engineers, drivers, technicians and logisticians we can truly appreciate what it takes to keep the supply chain moving.

The amazing backdrop for the event highlighted the outstanding work achieved by all of the finalists for 2018 and was a truly special way to commend those who have made a difference and deserve the recognition of being a best performer in the global supply chain.

MR. BILL PAWLUK, CEO ADDRESSES THE AUDIENCE UPON RECEIVING THE LEADERS AWARD AT THE AUTOMOTIVE GLOBAL AWARDS IN LONDON ON NOVEMBER 1ST, 2018.

The Leaders Awards are presented to individuals who have demonstrated excellence in their field and have grasped the wider concepts of the industry and have brought significant innovation to their company.

Bill Pawluk developed the concept and first model of the Convertible Trailer. It started as a small transportation company in the 90's out of Calgary, Alberta, and after several years of research, development and industry education, it has grown enormously.

Through his leadership the vision of his company is to improve automotive and freight logistics practices around the world to service the transportation industry on a global scale. He works towards creating an environment and atmosphere of collaboration and cooperation within the transportation and logistics industries.

"It is an honour to receive this Leader award but we would not have achieved this without the support from all of you and others in the industry. We look forward to growing this support and participation from all industry players in order to attain the greatest amount of efficiencies possible."

Bill was one of 21 recipients recognized throughout the evening for having achieved the unachievable or for having pioneered a new way of thinking or working.

Peter Wooding, CEO of Three6Zero who organized the Awards said:

“In changing, uncertain times we all need to adapt our business models, our ways of thinking and operating through pioneering new ways, thoughts and ideas. We are in a unique position to see the way you are shaping the future of the automotive industry through your advancements in technology, dynamic leadership, the dedication and commitment of your teams, and through the responsible practices being employed for the benefit of all of our futures, which is truly inspiring. My enthusiasm for these awards grows every year, I feel it is a great privilege for us as a company to be able to share in the achievements of all of the finalists and winners this evening.”

Each of the winners will be profiled online along with photo coverage of the evening at www.automotiveglobalawards.com
